estimate for the above works duly executed for Rs 56,509 and requesting that the estimate for raising the same could be expedited -

In G.O.No. 1756-60/10544-8 & 13-12-13, a revised estimate for Rs 44,865 was sanctd for the following three works :-

1) A masonry dam 30 ft high for the water-supply	Rs 34,553
2) Road from Makliong Rly: Station	4,912
3) Two small side blocks for a chattram	5,400
	Rs 44,865

Being a charitable work undertaken in the interests of the public, the establishment and tools and plant charges ~~expended~~ were waived as a special case.

2. A revised estimate for Rs 56,509 for the above works has been sanctd in the P.W.D and the Administrative Deptt (Mizoram) has been requested to arrange for the transfer of the excess amount viz, Rs 11,644 to the P.W.D for payt to contractors.

3. The following points seem to require consideration and orders before the transfer could be effected —

1) ~~Whether~~ No administrative sanction has been obtained for incurring the

2. The revised abstract estimate is sent up without the explanatory memo, as called for.

3. It will be seen from the revised estimate that the additional cost of Rs 11644 has been distributed over the ~~two~~ three works, as noted below.

Name of work	Cost as per original estimate	Cost as per revised estimate	Differe
Dam work	Rs 34,553	Rs 44840	10,287
Chattrani Road	Rs 5400	Rs 5582	182
	Rs 4912	Rs 6087	1,175
Total	Rs 44,865	Rs 56,509	11644

4. It will be seen from the above statemen that the excess cost is chiefly for the Dam work.

5. From the Comptr's statement of Promissory Notes held by Mysore dues up to the end of Dec'r 17 (published the Mysore Gazette of the 21st March I it is seen that there is only a sum of Rs 7000 (invested) at the credit of the Ghati Temple. It is, therefore, a proin for orders how the sum of Rs 11,644 is to be met.

6. If approved, the Mys: Supdt may be consulted unofficially.

Explanatory Memo for the excess expenditure of Rs11,644 incurred in connection with the Sri Chati Subrahmanya swami's Temple works ir Doddaballapur Taluk.

1.Choultry. The excess under this subhead is Rs182. The slight excess is due to increase of rates for stone masonry, stone pillars, teak-wood work and introduction of new items, such as ventilators zinc spouts etc found necessary in the course of execution.

2.Road. Under this head the total excess is Rs1,175. The excess is due to either insufficiency of provision in the sanctioned estimate as under embankment, blasting hard and soft rock, and omission of a few necessary items such as jungle clearing, gravelling the surface in black cotton soil on either side of road dams, coping slabs over body walls of road dams etc.

3.Dam Works.The total excess in this head is Rs10,287. This excess is due to increase of rates for the following items:-

(a) Burnt stone in surki mortar from 3½ annas to 4½ annas, recommended on the ground that stone could not be quarried near the dam site and had to be brought from a distance of 1 to 2 miles etc.

(b) Burnt stone slabs from 4 to 5 annas due to extra lead.

(c) Cement pointing from Rs2-8-0 to Rs3

(d) Covering slabs of 10" thick for

sluice vents instead of 8" from 1-8-0 to Rs1-12-0.

Also due to new items found necessary during construction such as temporary Establishment, Medical and survey charge and dressing the corners of sluice vent and the rear face of dam etc.

OFFICE OF THE DEWAN OF MYSORE.

N O T E.

Dated 17th January 1916.

Ghati Subramanya temple, Dodballapur Taluk.

The Deputy Commissioner of Bangalore should be communicated with and a statement of the works remaining to be carried out and the expenditure yet to be incurred at Ghati Subramanya obtained.

2. The Chief Engineer should be requested to prepare a plan with rough proposals and approximate estimates of cost showing --

(1) the further improvements desired by the Dharmadarsis and visitors, so far as they may be reasonable, and

(2) how many more buildings are necessary.

3. A plan of building sites should be prepared for Mantapams and other buildings with a view to granting them free of cost to intending buildings. The names of builders when the construc-tion of the buildings are completed

might be prominently recorded on tablets fixed in the wall.

4. A plan should be also be prepared showing how the grounds round about the temple and the approach roads may be artistically laid out and improved so as to render the place more attractive.

5. The amount available for further expenditure may be reported in some detail.

6. This note may be communicated also to the Secretary, Revenue Department who will keep himself in touch with the proposals and help in furthering the intentions of Government.

Dear Mr Lakshmanachar,

Re, the draft Order on the Ghati Subrahmanya Temple improvements, I thought a very relevant, and also probably a necessary, addition was required, and I have taken the liberty of resubmitting the draft for approval ~~with~~ of the addition made in pencil, ~~made~~ in para 4. I request that the matter may be submitted for the Dewan's orders. Considering the importance of the addition, I thought it desirable to submit the file again, even though it involved the delay of a couple of days in the issue of the order.

Also please state whether the addition, "Commencing from 1st July" in the last para, 6, of the order is all right. I mean, to "1st July" all right?

Yours sincerely,

Dear Sir.

Your D.O. of 27th ultimo in connection with the water supply to the camps during the Jatra at Ghati Subramanya, to hand.

Mr. Krishnaiengar will meet you on the morning of 10th instant with the necessary papers as suggested by you. at Ghati Subramanya.

Yours sincerely,

Bangalore,

27th December 1910.

Dear sir,

You may perhaps remember the correspondence about the supply of water for men and cattle at the Ghate Subramanya Jatra, When you were Superintending Engineer you sent up an estimate for about Rs7609 for a small tank; but the then Chief Engineer was not in favour of it. (Vide Govt. Pro. No. 5661-3 dated 17-6-1908). The Deputy Commissioner Bangalore District, has suggested "the construction of a masonry dam across the Bandihalla only to such height as would retain enough for water for drinking purposes". you have in your letter No. 8187 dated 6th November 1909 promised to have this investigated and have also suggested that the best solution is the construction of the Thippaganahalli tank. Thus there seem to be three proposals.

may also invite your attention to the Chief Engineer's docket No 9015 dated 27-12-1907 to the Superintending Engineer suggesting that the latter officer would have done well in connection with this matter to have consulted the Revenue Commissioner and the Muzrai Secretary and came to a conclusion. This is however a matter with which the Muzrai Department is more concerned than the Revenue Commissioner. Inspection of the sites of the camps is very necessary in order that water may be provided as near as possible to the camps.

The next Jatra takes place from the 9th to the 12th proximo. This offers an opportunity for inspection . Perhaps you may not find convenient to be present. I dare say Mr. A. Krishna Iyengar who is Sub Division Officer of Chickabballapur and Executive Engineer of Kolar perhaps had something to do with the Thippaganahalli project and who as Executive Engineer, Bangalore Division must have visited these parts will be able to offer valuable suggestions. If he with all the papers relating to the three proposals and if necessary, the Executive Engineers of Bangalore and Kolar Divisions can find it convenient to be there on the 9th and 10th, I shall be there and probably also

the Deputy Commissioner. We can go round and inspect the several sites and come to a conclusion. May I request you to issue necessary instructions?

I remain, Sir,

Yours truly,

Y. Srinivasa Rao, Esquire., B. A.,
Deputy Chief Engineer,
Bangalore.

Office of the Muzrai Superintendent in Mysore,

Dated Bangalore, 5th January 1911.

dear Sir,

I send herewith copies of my letter to the officiating Chief Engineer and his reply in connection with the inspection of Ghats. As the 10th is the date fixed for the Cattle Show I believe you will also be there.

In case of your being present I hope you will not find it inconvenient to attend to the water supply question also.

Yours sincerely,

To,

B. J. Kumarasami Aik, Esquire.,

Deputy Commissioner, Bangalore District.

Agrl Superintendent's Office.

Bangalore, 7th. Jany 1911.

My dear Sir,

You may have received my D. O. letter of the 5th. Instant about the visit to Ghati Subrahmanya for inspection. Now that I am going there I think I may consider the question of the Mahadwaram and Chatram. If you are also coming ~~your~~ clerk may bring the papers connected with these. If not they may be sent to me or to the Revenue Sub-Divisional Officer with instructions to submit proposals after inspection.

The Sub-Divisional Officer and I leave day - after-tomorrow . As it would be of help to you if I specify what the connected papers are I note them below :-

(1) Govt. Ro. No. 3141-2 dated 21-2-1905.
(2) D. C.'s letter No. 18 dated 20-7-1906.
(3) Agr. Secy's letter No. 1216 dated 10-8-1906.
(4) " " " " 1750 " 17-9-1906.
(5) D. C.'s Letter No. 45 dated 11-3-1910.
(6) Agl. Secy's Letter No. 2515 dated 19-4-1910.

Yours sincerely,

Subject. Requests the comptroller to transfer to the P.W.D. from the Ghati temple funds a sum of Rs.13,512 to meet the extra cost incurred for the Ghati temple works and the cost of the supplemental estimate.

335-17-18

Proceedings of the Government of H.H. the Maharaja of Mysore.

READ:-

G.O., No.1758-80/16541-[illegible] dated 15th December 1916 sanctioning a revised estimate for Rs.44,355 for certain works connected with the improvements to the Ghati Subrahmanyaswami temple in the Doddaballapur Taluk.

2. Correspondence ending with letter No.2570 dated 17th July 1918 from the Chief Engineer of Mysore submitting further revised estimate amounting to Rs.56,500 for the above works has been considered by Government in P.W. Department [illegible] No. 83/381 8/10-1-18 and requesting that a sum of Rs.11,344 may be sanctioned to be transferred to the Department for settlement of the accounts of the [illegible] terest claims and with reference to the explanation of the Chief Engineer of the excess expenditure incurred.

3. [illegible] dated 3rd April 1918 from the Chief Engineer of Mysore for [illegible] copy of the [illegible]

letter No.5197 dated 25th April 1918 to the Superintending Engineer, Southern Circle, reporting sanctioned a supplemental estimate for ₹ 1,868 for railing the dam in the Sri Gnana Subrahmanyaswami temple works and requesting for the - - transfer of the amount to the P.W. Department.

Order No. 1128-31/Albums 335-12
Dated, 12th October 1918.

The extra cost of ₹.11,344 incurred mainly under Dam Works was, it is observed, due to increase of rates and to certain new items found necessary during construction.

2. The total amount now to be transferred to P.W.D is ₹. 13,512 (viz., 11,344 being the extra cost involved and ₹.1,868 incurred for railing the dam). The Comptroller to Government is requested to transfer this amount to the P.W.D, the charge being met as follows.-

(1) ₹.10,386 from the surplus at the credit of the institution, and

(2) ₹.3,146 by the transfer of Government paper of the value required out of the sum invested viz., ~~for~~ ₹.3,000 in the name of the institution

to any other temple at the prevailing market rate.

3. The construction of the kitchen block of the chattram may be taken up as soon as sufficient funds accumulate. are available.
